Summary

Passionate Front-End Developer and UI/UX Designer And creative Front-End Developer and UX/UI Designer with a strong foundation in BCA (Bachelor of Computer Applications) and currently pursuing my MCA (Master of Computer Applications). With a firm grasp of cutting-edge web technologies and a flair for design aesthetics, I strive to create engaging and intuitive user experiences that leave a lasting impact.

I am open to new opportunities that foster professional growth, collaboration, and innovation. If you seek a driven front-end developer and UX/UI designer who can bring life to your digital visions, let's connect! Together, we can create impactful solutions that redefine user interactions and elevate your digital presence.

Project

Other Project
I also worked on clone projects mimicking Netflix and the Apple Store, refining my front-end skills with HTML, CSS, and JavaScript. These projects enhanced my portfolio and broadened my development abilities

Anna's Collection E-commerce Website
01/2023 - 04/2024
Managed 'Anna's Collection' project, a 4-month e-commerce development endeavor for a Christian boutique. Utilized HTML, CSS, JavaScript, PHP, and MySQL to establish an intuitive platform enabling product purchase and rental for weddings and Holy Communion. Worked closely with the client to ensure seamless execution, enhancing both technical and project management proficiencies.

Personal Portfolio
11/2023 - 01/2024
I created my personal portfolio website using HTML, CSS, and JavaScript. It showcases my projects and skills in a simple, user-friendly format.
